

Foodservice Hygiene

Dish Machines and Chemicals

WareWashing Solutions

Sani-Service, a Division of Cannon Services is the only partner you need for a comprehensive foodservice hygiene program.

We offer a complete line of dish machines and chemicals, all backed up by the level of service we're famous for.

A full line of dish machines and chemicals for all foodservice operations

QUALITY

Our machines are all manufactured to the highest commercial standards to deliver the durability and reliability that active kitchens need.

REPAIRS

Our rental program covers the routine replacement of all parts and components as necessary to maintain your machine's ongoing effectiveness.

RESPONSIVENESS

In addition to preventive maintenance, Sani-Service provides emergency service in the event that your dish machine experiences mechanical issues.

ENERGY EFFICIENCY

Many of our dish machines are EnergyStar rated, saving you energy and money without sacrificing cleaning power.

EXPERTISE

Our service technicians are trained to perform thorough, routine preventative maintenance inspections, so you can be confident that your equipment always runs at its best.

CHEMICALS

Our weekly service includes automatic fulfillment of first quality detergents, sanitizers, drying agents and related chemicals.
